

The Visionary Leadership Programs

Visionary Leadership Intensive | Visionary Leadership Advanced Levels I, II and III

A message from the program's founder...

“It's time for people to realize that an imperative is upon us — we **MUST** wake up, we **MUST** stop the pretense and we **MUST** turn to face our fears instead of burying them or running away from them. Only when this happens will we begin to see truly conscious choices, conscious behaviors and conscious leadership - from a place of integrity, wholeness and authentic inner strength. The alternative, which we have far too much experience of, is undermining and ultimately destroying us.”

— Kevin Billett, Founder of The Visionary Leadership Program

Ask yourself, are you...

Ready to wake up and step into your full visionary leadership potential?

Willing to welcome success and fulfillment beyond your capacity to dream it?

Able to embrace a conscious set of values and actions aligned with truth?

Prepared to be part of a brand new wave of conscious influence and change in organizations, groups and society?

Then join us and clear the impediments, blocks and self-saboteurs that nearly all of us carry. Discover a stillness and clarity of “being” by tapping into your REAL SELF, your innate genius, and flourish in the service of true leadership by becoming an authentic instrument of conscious change!”

What Others Are Saying...

“The fiscal improvement in my business was substantial and immediate. In addition I have benefitted personally in many more ways than I can share here. This is the best investment I have made in my business life to date — no question.”
Phill Camp, CEO United Hail Repairs, Australia

“I spent last week doing Visionary Leadership Advanced Level I and I just want to say that it is the most powerful, liberating work and week that I have ever lived. I paid for the entire (Visionary Leadership) program, all 3 weeks, up front. By day 2, I had received way more than my money's worth, with the deepest, most profound process of my life, all modalities included, and it didn't end there. I feel that I have participated in the evolution of freedom for this planet.”
Joe Doyle, VietNam Veterine – Marine / Retired - Wall Street Investment Firm V.P., U.S. A.

“6 weeks after completing Visionary Leadership Advanced Level I — my professional services have been in great demand on two fronts: for what I do and for WHO I AM. After that time, I presented a project idea which has lead to me becoming the principal creator and project lead for one of the most innovative, patient-centered health care projects in Ontario and the Government has agreed to fund us \$80 million over the next 3 years! The neatest thing about my recent success is that it has come to me effortlessly, by believing in myself, by allowing my inner creativity to shine through, by truly working in the present moment and by enjoying a work-life equilibrium.”
Nathalie Menard, Sofie Consulting Inc., Canada
